

Guidelines-on-Presentation-Types

Posters

- All posters will be displayed for the duration of the conference.
- Please ensure that you stand by your poster(s) for discussions and questions during that session.
- Poster presenters will be asked to “present” his/her poster to attendees walking around the presentation space during multiple time slots.
- Poster presenters are able to explain their material, answer questions, exchange contact information, and fully discuss the subject matter, as visitors examine the displays during the time allocated for poster presentation.

Oral Presentations

- Presentations will be 30-min (including Q&A).
- Each presentation, made by one or more speakers, must be prepared in English and should be no longer than 25 minutes, afterward, we will have around five minutes for questions and answers.
- All presentations must be delivered either in English or Turkish– the official languages of the workshop fest.

Workshops

- Workshops will be 60-min (including Q&A).
- The workshops offer you an opportunity to share your expertise and ideas with colleagues from across North Cyprus.
- Workshops must be interactive, so that participants can talk, think, learn, try, and interact (as opposed to a lecture followed by Q&A).
- Workshops should focus on interaction with the audience, including the use of case studies, application of practical solutions, discussion questions, etc.
